

Five times blue.

One, two, three, four, five.

You now.

Two times red.

One... no.

One, two.

Baran Ahmadi, come downstairs.

Go ahead.

Three times yellow.

One, two, three.

Baran, come on darling.

Grandma is here.

Bye.

Bye.

Hello Ms.Rahimi

Yes, a white Tiba has just arrived.

Bring Arman Farahani downstairs.

Sure, I'll check the license plate.

Remember to send a toothbrush with Arman. Tomorrow we're going to teach them how to brush their teeth.

Goodbye.

Hello?

Hi.

Picking up passengers on the middle of the street!

Yes, we're on our way. Don't worry. He's wearing his seatbelt.

There's some traffic, but we'll be there soon.

Yes, hold on.

Arman, it's your mother.

If I didn't get anywhere in this life it's your fault.

So you weren't happy here?!

I thought I was, but I was wrong.

You've got a fever and don't understand what you're saying.

Things have never been clearer to me.

So there's only one explanation. You don't love me anymore.

That's exactly right.

You turned it off too soon! It's supposed to be after Nora says she doesn't love him anymore.

The costumes will arrive soon.

We've been waiting for them all day. We have a performance tomorrow and haven't done a costume rehearsal yet!

Helmer keep your energy up.

It'll get here soon.

Put this on the sofa.

Forough, everything's okay. Just one thing. Don't look at him when you tell him you don't love him anymore. Busy yourself with packing the suitcase darling.

So there's only one explanation. You don't love me anymore.

That's exactly right.

As simple as that?!

It's not simple. But I can't do anything about it. I don't love you anymore.

Is that clear to you too?

It is absolutely clear. That's why I don't want to spend another minute here.

Forough?

Yes.

Tomorrow night is our first performance.

He'll be with his dad. Don't worry.

Okay.

I'll see you tomorrow.

Bye.

Can't they just brush their teeth in the morning?

No. The big germs will eat their teeth all night long.

Ma'am! Stop lying! I just eat one or two teeth each night!

Here is the rabbit family. Lift up your toothbrushes.

I'm a toothbrush, I'm a toothbrush!

Nice and clean

A valiant enemy

Of your teeth's big germs

That's enough for me.

Do you have a class again tonight?

It's the last one.

The trip to the north is set for Thursday.

Did they rent a villa?

Yes. She was searching for one in the middle of her classes.

Make sure we leave at night. I can't stand the traffic.

Okay. We'll leave at night.

Who's coming?

Shabnam and Amir. Sanaz has a class on Thursday and will come on Friday.

Dad, are we going to the north?

Uh-oh. No darling. Sara is going with her friends. I am just asking to see who she's going with, and I told her to leave at night so she doesn't hit traffic. Good lord!

We were supposed to speak English darling!

Oh,I forgot.

So many questions tonight.

So? Do something about it!

I'll try.

Thanks.

Just make sure to confirm my work-leave tomorrow.

It's all set.

Thank you.

See you.

Bye.

Bye.

If it doesn't work and we crash, my shield can save us. I have to stay here with Jack Jack.

Remember you have to take it to the right Bob.

Urgent news. We still don't have radio contact, but the ship has changed course and is moving fast toward the west.

Dash! I am going into the water. Hit the button when the ship changes course...

Okay dad!

The superheroes have lost their fame. You will never become legitimate. Never!

Never?

No.

Never...

Dad? Have you had dinner?

We have to go with mom...

Mommy rabbit said that we shouldn't sleep after dinner.

Arman sit still for a minute.

Why did you do that?! What're you doing?

The teacher said we have to brush our teeth after dinner.

Fine, we'll do it together when I'm done. Get up.

No!

No what?!

Mom has to brush her teeth too.

She's at work and can't brush her teeth right now. Get up.

The germs will eat her teeth. She has to brush her teeth.

She'll do it when she gets home. Get up darling.

No!

Why not? Get up. I have a class...

We have to brush our teeth!

Don't be a brat. Get up. All the kids are asleep at this time of night. Get up!

Nooo! Nooo!

Is everything ready?

Yes. Hurry up. We're about to start.

Be quick. I have to hang up.

Arman?

Why're you crying?

Toothbrush?

I'm going on stage in a minute darling. I can't brush my teeth.

You need to brush your teeth with your dad tonight.

Arman darling, I can't.

Where am I gonna find a toothbrush?

Okay. Hang up and do a video call.

Do you have an eyebrow brush?
