

WEBVTT

00:12.125 --> 00:13.125

00:13.166 --> 00:14.166

00:16.250 --> 00:18.583

00:25.958 --> 00:28.791
That kid was pretty feisty.

00:28.833 --> 00:30.958
He held his own fair fucking play.

00:31.125 --> 00:33.375
You wouldn't have thought it
when they named that Colin...

00:33.416 --> 00:34.708
He really did put up a fight.

00:36.041 --> 00:38.750
I can't tell if he's still alive though.

00:39.000 --> 00:40.041
You?

00:40.083 --> 00:43.250
I have to say, this last girl's
an interesting one.

00:43.291 --> 00:44.708
Keely, isn't it?

00:45.416 --> 00:48.375
I've never seen anyone so enthusiastic
about going in before.

00:48.500 --> 00:51.916
You know, someone told me
that she came forward on her own.

00:51.916 --> 00:54.750
She actually asked to be sacrificed.

00:55.166 --> 00:58.500
A few of them did this year.
It's become a bit of a status thing.

00:58.791 --> 01:01.958
Being sacrificed is like, what, cool?

01:04.750 --> 01:07.208
Morals are weird, man. It's madness.

01:07.208 --> 01:10.583
It is. I despair of them.

01:16.166 --> 01:18.375
Your last one got 142 likes already.

01:23.958 --> 01:25.916
There's a camera down.

01:25.958 --> 01:29.083
I really can't tell if the kid's
dead or alive from here.

01:29.583 --> 01:31.333
I thought that was your job.

01:32.458 --> 01:36.791
Dedalus really pulled a number on you guys,
didn't he, when he designed that maze?

01:37.791 --> 01:39.541
Did you ever work out how he did it?

01:39.625 --> 01:42.750
No-one knows. I'm surprised someone
hasn't punished him yet.

01:42.958 --> 01:44.083
Give it time.

01:44.125 --> 01:47.583
Eh, the old bugger's limping!

01:48.333 --> 01:52.625
-I think Colin gave him a beating.
-Good. Maybe it'll calm him down a bit.

01:53.500 --> 01:57.000
He'd look a lot worse if I got in
there with him. Wouldn't you, son?

01:57.375 --> 02:00.541
He'd have you crying like a
little girl in about six seconds.

02:00.666 --> 02:02.541
Well, somebody's got to get down there.

02:02.958 --> 02:05.000
Now's your moment.

02:05.666 --> 02:10.333
Like a little girl, you said.
Six seconds, you said.

02:18.291 --> 02:19.416
Get the door.

02:21.083 --> 02:22.500
Ares, get the door.

02:22.541 --> 02:24.583

I'm not a bloody hotel porter.

02:25.375 --> 02:28.666

Ares is an anagram of arse. Did you know?

02:29.583 --> 02:30.583

Get the door.

02:30.625 --> 02:31.625

Aye.

03:12.708 --> 03:15.375

Shame you can't just zap yourselves
in there,

03:15.375 --> 03:17.625

or whatever it is you gods do.

03:22.833 --> 03:25.000

What if he...

03:25.041 --> 03:28.541

you know, like...

03:28.541 --> 03:29.833

gets her?

04:05.750 --> 04:07.166

Any sign of the harpies?

04:07.708 --> 04:11.166

Can hear them scraping about somewhere.
They seem pretty calm though.

04:38.000 --> 04:40.125

Shit, there he is...

05:26.750 --> 05:27.958

I found Colin.

05:27.958 --> 05:29.083

He dead?

05:29.500 --> 05:32.208

How long can a mortal live without arms?

05:33.750 --> 05:35.708

Depends how much blood he's lost.

05:35.708 --> 05:37.083

Legs?

05:37.666 --> 05:41.750

He might survive that. Do we need
to send in a recovery team?

05:41.958 --> 05:45.208

-What about his head?

-He's dead. Get the fuck out of there.

07:04.250 --> 07:06.458

07:20.750 --> 07:23.208

Well, you look beautiful.

Looking for a bit of action tonight?

07:23.291 --> 07:24.916

<i>Get in the back of the car.</i>

07:29.291 --> 07:30.666

<i>Eh you!</i>

07:31.375 --> 07:32.500

<i>Oi!</i>

07:35.083 --> 07:36.125

You're fit!

07:39.333 --> 07:40.333

How much?

07:44.166 --> 07:47.000

Don't you think it's rather crass
to discuss money on the street?

07:49.500 --> 07:52.666

That's certainly an interesting attitude
for a streetwalker.

07:56.791 --> 07:58.625

Then what makes you
think I'm a streetwalker?

07:59.625 --> 08:02.208

Well, I hear you only
find whores, junkies

08:02.250 --> 08:05.208

and people looking for
those things in Thebes.

08:07.875 --> 08:10.375

There are other types
around here, I assure you.

08:11.041 --> 08:12.875

The fuck is that supposed to mean?

08:12.916 --> 08:15.208

I've heard there's some next-level
weirdos around here.

08:16.750 --> 08:19.041

Thebes is a very poor neighbourhood.

08:19.458 --> 08:23.166

There are always unfortunate souls
on the streets of such places.

08:24.458 --> 08:27.916
If you don't mind me saying,
this isn't the most...

08:27.958 --> 08:30.750
savory of places for a girl
to be wandering alone at night

08:30.750 --> 08:33.708
if you're not a streetwalker, and...

08:33.750 --> 08:35.083
you don't look like a junkie.

08:35.291 --> 08:39.625
Yeah. Stop wasting our
fucking time and get off the street.

08:41.791 --> 08:42.958
I'm having a cigarette.

08:46.583 --> 08:52.916
I do, however, have some
skills you might be interested in.

08:53.750 --> 08:55.958
Yeah, that's more like it.

09:28.041 --> 09:31.375
Now I'm going to ask you three questions.

09:31.375 --> 09:35.208
You get them right and I get undressed.

09:36.750 --> 09:38.000
And if we get them wrong?

09:38.375 --> 09:43.416
Then I'm sorry, you didn't win.
And I don't take my clothes off.

09:44.541 --> 09:46.625
Then I'll be fucked if
I'm going to pay you.

09:47.375 --> 09:50.583
Oh, I always get paid.
First question.

09:50.625 --> 09:53.916
What is more powerful
than the great god Zeus,

09:54.000 --> 09:56.833
more desolate than the underworld,

09:56.833 --> 09:59.291
and the more of it you have,
the less you possess?

10:00.291 --> 10:03.541

Um, it's a...

10:03.583 --> 10:05.125

Fuck, it's a...

10:05.125 --> 10:06.750

Nothing. It's nothing!

10:08.166 --> 10:11.625

Very good. You're smarter than your friend.

10:13.333 --> 10:14.833

Second question.

10:16.625 --> 10:19.541

For fuck's sake, this is
a stupid fucking game.

10:22.916 --> 10:26.500

There are two sisters.

10:26.500 --> 10:29.333

The first gives birth to the other,

10:29.375 --> 10:33.375

and in turn the other gives birth
to the first.

10:33.416 --> 10:34.500

Who are they?

10:34.583 --> 10:36.541

It's, uh...

10:37.416 --> 10:39.916

it's night and day.

Am I right? It's night and day?

11:14.583 --> 11:15.583

Final question.

11:16.541 --> 11:20.500

This is bollocks. Just get
your tits out and fuck us both.

11:20.500 --> 11:24.458

We didn't come here to this
hellhole for intellectual chit chat.

11:24.750 --> 11:27.416

The one who invented me doesn't want me.

11:28.416 --> 11:30.958

The one who bought me doesn't need me.

11:32.166 --> 11:34.833

And the one who uses me doesn't know it.

11:38.500 --> 11:40.416

What am I?

11:44.958 --> 11:46.041
Let's just go.

11:46.541 --> 11:47.791
What am I?

11:51.208 --> 11:53.833
I don't know.

11:53.875 --> 11:55.000
Mark?

12:00.041 --> 12:01.041
A coffin.

12:36.333 --> 12:37.625
Good tip tonight.

12:46.291 --> 12:48.416
<i>Medusaaa</i>

12:48.416 --> 12:50.541
<i>Medusaaa</i>

12:51.291 --> 12:54.416
<i>Your time is up, Medusaaaa</i>

12:54.416 --> 12:56.375

12:57.875 --> 12:59.500

13:00.208 --> 13:01.708

13:01.708 --> 13:05.333

13:05.458 --> 13:07.041

13:07.250 --> 13:11.750

13:52.125 --> 13:53.125
Shhh.

13:53.666 --> 13:54.666
People will hear you.

14:08.708 --> 14:10.833
<i>Help me with this bag, will you?</i>

14:10.833 --> 14:12.416
<i>It's too heavy...</i>

14:12.750 --> 14:15.250

<i>No, it isn't! Grab it from the end.</i>

14:16.625 --> 14:18.500

<i>And careful! You'll wake her up!</i>

14:18.500 --> 14:21.125

<i>I'm gonna wake her up: Medusaaaa</i>

14:21.125 --> 14:22.916

<i>What was that? </i>

14:22.916 --> 14:25.083

<i>Shhhh, she'll hear you.</i>

16:07.750 --> 16:09.583

Silly cat.

16:33.291 --> 16:37.250

You time is up, Medusaaa.

16:45.666 --> 16:49.416

16:50.208 --> 16:52.625

17:00.000 --> 17:01.916

Where are we?

17:01.958 --> 17:03.000

Ares!

17:03.083 --> 17:05.666

17:06.500 --> 17:09.958

17:10.041 --> 17:12.791

17:12.833 --> 17:16.458

Pygmalion, these books have been such a huge success for you,

17:16.500 --> 17:18.500

it means everyone is reading them.

17:18.833 --> 17:23.000

What do you put that unprecident popularity down to?

17:23.000 --> 17:26.166

Well, I think is't all about timing,

17:26.166 --> 17:28.458

the right thing comes about at the right time

17:28.500 --> 17:31.125

and then you can tap into
the social consciousness.

17:31.333 --> 17:33.833
Surely you can't think
it's just about timing.

17:33.916 --> 17:34.916
They're great stories.

17:35.000 --> 17:37.791
And a great story is a great story.

17:37.875 --> 17:39.291
Whenever it's written.

17:39.333 --> 17:42.875
I guess it's in the characters you create
and how they deal with their situation

17:42.916 --> 17:44.541
that makes them interesting.

17:44.791 --> 17:46.333
It's just so easy to get that wrong.

17:46.625 --> 17:49.833
So speaking of the
characters, Galatea.

17:49.875 --> 17:53.333
Now, how do you feel about
her being voted

17:53.583 --> 17:56.125
the best fictional female
character of all time?

17:56.125 --> 17:59.083
Well, obviously she's special to me.

17:59.083 --> 18:00.625
She's the perfect woman.

18:00.666 --> 18:03.041
Beautiful, strong, hopelessly flawed

18:03.041 --> 18:05.125
but also has a great sense
of what's right and wrong.

18:06.333 --> 18:07.958
Ares, up.

18:08.250 --> 18:11.833
Some of us have work to do.

18:13.583 --> 18:17.875
All right, fine. If I heard you,
don't leave her alone with me.

18:24.041 --> 18:26.291

Carrie! Hi!

18:27.833 --> 18:29.166

This is Pygmalion.

18:29.208 --> 18:30.250

Yes, um, hi.

18:30.666 --> 18:31.666

Say hi.

18:31.708 --> 18:32.708

Hello, hi.

18:34.333 --> 18:35.333

Seat.

18:35.583 --> 18:39.541

Oh, no. I'm going to
have to go. I'm so sorry.

18:39.541 --> 18:43.291

There's been a disaster at the office.
You'll forgive me, won't you? Right.

18:44.000 --> 18:47.833

Now, I've got an account here.
So order what you like. Both of you.

18:48.708 --> 18:49.708

Thank you.

18:56.625 --> 18:59.083

I, I'm...

19:00.750 --> 19:05.000

I love great literature. That's
why I do this. And my job.

19:05.000 --> 19:09.333

I'm a literary geni... journalist.
That's why I do this job.

19:09.375 --> 19:13.166

I tried to write a novel once.
It's about this girl.

19:14.583 --> 19:17.416

Oh, I've never been able to
create someone like Galatea.

19:17.416 --> 19:20.625

I've just had an idea for Galatea.

19:20.791 --> 19:24.000

I need to get back and write it down
before she escapes me.

19:25.000 --> 19:26.958

So you think you can do something for this guy?

19:27.333 --> 19:28.916

I think between us we can.

19:29.291 --> 19:32.500

Hermes, be a love and set up a meeting with the Fates, will you?

19:33.875 --> 19:36.166

Why are you dressed like a lesbian?

19:36.291 --> 19:40.125

It's a new look! On the catalogue it said "Englishman on holiday".

19:40.500 --> 19:42.375

19:42.500 --> 19:45.375

Well, it's lovely to see you, ladies. It's been too long!

19:45.458 --> 19:48.125

Did you invite us for a cup of tea and a catch-up?

19:48.333 --> 19:50.750

No. I have a teeny tiny request.

19:50.791 --> 19:51.833

We're listening.

19:51.875 --> 19:53.500

It's rather unusual.

19:54.625 --> 19:58.000

The gods don't normally want to pass the time of day with us. We get it.

19:58.166 --> 20:01.125

Well, you've heard of a rather splendid writer chap called Pygmalion.

20:01.250 --> 20:03.750

Yes. Yes. The novelist.

20:04.416 --> 20:10.625

I love his books. Galatea is the most inspiring character ever. Fact.

20:10.708 --> 20:14.666

But simply ghastly with women. Barely leaves his room according to his mother.

20:14.708 --> 20:17.958

His father had an accident. It was a terrible thing.

20:17.958 --> 20:19.041

Somebody has to.

20:19.083 --> 20:21.125

What's up about the balance?

20:21.208 --> 20:23.791

Well, since then he's
retreated into his box.

20:23.833 --> 20:27.541

I spent a rather delightful afternoon
with his mother Jackie, a lovely woman,

20:28.166 --> 20:31.916

who'd like him to meet a nice girl and move
out so she can move in with her toy boy.

20:32.000 --> 20:33.833

She's a cougar, apparently.

20:34.250 --> 20:37.000

Are you asking us to bring
his father back from the dead?

20:37.083 --> 20:40.750

No. I know how you ladies
feel about that sort of thing.

20:41.291 --> 20:44.208

You see, he's fallen in love
with the girl he created.

20:44.750 --> 20:46.208

Can't see any other women.

20:46.541 --> 20:48.041

There are tea leaves in my wine.

20:48.541 --> 20:49.833

That's problematic.

20:49.916 --> 20:52.625

But matters of the heart are your business,
not ours.

20:53.041 --> 20:55.541

I don't know how we can help get him laid.

20:55.708 --> 20:59.166

A lovely girl came his way earlier
and he barely even noticed.

20:59.416 --> 21:01.083

I'll admit it's not healthy.

21:01.583 --> 21:02.791

Really not healthy.

21:03.750 --> 21:05.375
But what can we do for him?

21:05.625 --> 21:09.583
I want to know where you ladies stand
on making a fictional character real.

21:11.833 --> 21:13.041
Oh, that's romantic!

21:13.750 --> 21:18.916
No. Absolutely not.
The paperwork alone would be...

21:18.916 --> 21:22.083
Oh, but it's lovely.
Can you really do that?

21:22.125 --> 21:23.250
She wouldn't have a thread.

21:23.416 --> 21:24.833
Look, tea leaves.

21:24.916 --> 21:27.708
All I have to do is
channel his desire for her.

21:27.875 --> 21:30.125
I'm not asking for her
to be immortal, not at all.

21:30.458 --> 21:32.291
Just for her to live.

21:33.166 --> 21:35.166
And I don't think there's a precedent.

21:41.208 --> 21:45.875
Oh, for the love of Hades, I honestly
have no idea where we stand on it.

21:46.458 --> 21:50.125
I don't even know what you'd call it.
It's a...

21:50.375 --> 21:51.541
It's a loophole.

21:57.500 --> 22:00.625
I'll do overtime to help sort out
the loose threads, Atropos.

22:00.833 --> 22:02.541
I'd happily do it.

22:04.416 --> 22:05.708
Alright, do it.

22:05.916 --> 22:08.416

Aren't we breaking some kind of law
or something?

22:08.625 --> 22:10.250
I can't think of any, can you?

22:11.166 --> 22:13.791
We'll have to sort this out,
otherwise it'll never end.

22:14.458 --> 22:16.708
But right now...

22:17.791 --> 22:18.833
Well done.

22:18.833 --> 22:20.666
This is so exciting!

22:21.500 --> 22:24.916
As always, ladies, it's
been an absolute pleasure.

22:25.708 --> 22:26.708
Ciao!

22:28.000 --> 22:31.833
She's so classy. Did you see her shirt?

22:32.291 --> 22:34.166
Yeah, she surely knows had to dress.

22:34.750 --> 22:36.791
I'm going to set this girl a thread.

22:37.083 --> 22:39.208
Make it nice, though, Lachesis.

22:40.500 --> 22:41.916
It's Valentine's Day.

22:42.333 --> 22:45.333
Oh, Atropos, you are a romantic.

22:45.958 --> 22:47.208
Don't get used to it.

22:53.125 --> 22:55.833
You've done quite a good
job if you like that sort of thing.

22:57.083 --> 23:01.791
She's rather too earthy for my tastes,
but I can kind of see the attraction.

23:02.083 --> 23:04.666
All that wild red hair and
running about with no shoes on.

23:05.000 --> 23:06.916

You're supposed to love
people for who they are,

23:06.916 --> 23:09.625
not to design someone
to your own specifications.

23:10.000 --> 23:12.541
Lucky for you, my family
don't really go in for PC.

23:12.625 --> 23:14.541
It's just not in our DNA.

23:14.916 --> 23:16.166
Hell's bells, you're Aphrodite.

23:18.625 --> 23:20.166
But didn't my mum contact you?

23:21.416 --> 23:25.041
Anyway, it's Valentine's,
my favourite holiday.

23:25.791 --> 23:27.375
So...

23:28.250 --> 23:30.166
This is my gift to you.

23:35.416 --> 23:36.458
I don't understand.

23:36.500 --> 23:38.416
Why don't you turn around, Pygmalion?

23:40.500 --> 23:41.500
Galatea!

23:42.666 --> 23:43.666
It's just how I pictured.

23:43.833 --> 23:46.083
Well, she wouldn't look like this
if I'd conjured her.

23:46.083 --> 23:48.041
I'd have put mascara on her for a start.

23:55.208 --> 23:56.958
For someone who spends so much time online,

23:57.000 --> 23:59.416
you really have no idea
what you're doing, do you?

24:00.250 --> 24:02.000
I have a rather informative pamphlet.

24:02.416 --> 24:04.250

Oh, don't worry, I'll pop it around later.

24:05.208 --> 24:09.916

Might I suggest you start
with a kiss and go from there?
